

Virtual Assistants Affiliate and Referral Plan

How many times have your clients asked you if you will answer their calls? On the face of it, it sounds reasonable until you realise that you could be tied to your desk for 9 hours a day for a single call. Then you think to yourself 'Is this what I signed up for?'

You don't want to let your client down so you grudgingly agree and soon regret it.

What if I told you that you could do it all. Keep your client happy and retain the work that you love to do knowing that their calls are being answered - just not by you.

And the bonus is you can earn money whilst you sleep with our affiliate scheme.

Collaboration not competition and together we are ALWAYS stronger.

How does it work?

There are 3 simple options as we want to make it as easy for you to work with us as possible.

Direct Referral

This is the simplest and most straightforward option. Your client speaks directly to us and we do all the set-up, on-boarding, invoicing and of course, the call-answering.

Your client pays us directly by direct debit and we pay you 10% commission of the total bill ex VAT. Paid monthly.

Referral

Our input and contact with your client is minimal. The onboarding and invoicing is your responsibility (we will supply you with a questionnaire to enable us to do the set-up).

Messages will be sent from us but via your email address so the client assumes that you are answering the calls.

An invoice will be emailed to you at the end of the month and that leaves you free to add your own mark-up before invoicing your client.

White Label

This is for you if you would like to add a call-answering service to your current offering.

We want to keep things as simple as possible so in a nutshell, you advertise that you offer call-answering and deal with the enquiries directly. You set your fee and we take over the operation and set-up and invoice you directly.

We use a system called Ncall. It has the facility to embed your email settings into our system so that your client receives the messages as if they come from you directly. This does not give us access to your inbox.

Fees and Terms

There are two fee structures

A message taking service where we will take name, number, email address, an address and a message. It does what it says on the tin and is quick, friendly and efficient.

Fee is £1.40 a call with a minimum monthly fee of £20 pcm.

An appointment booking service where we will book appointments into the client system.

Fee is £2.00 a call with a minimum monthly fee of £50 pcm.

To get the ball rolling will take a conversation so that we can understand what you want to achieve.

We will then sign the legal stuff so we're both protected and you'll receive everything that you need for you to start getting your first clients on-board.
